THE EXPERIENCE

From cocktails and dinner to the first lift in energy.

Live saxophone carried directly into the dance floor.

WHAT THE SHOW DELIVERS

- Live saxophone woven into the DJ set rather than presented as a separate novelty segment.
- A musical arc tailored to the event, from cocktails and dinner through sunset, celebration, and dancing.
- A sophisticated mix of soulful house, nu-disco, pop, R&B, funk, jazz-influenced selections, and recognizable classics.
- Flexible presentation as background-forward, interactive, or dance-focused entertainment.
- A compact solo format with the impact of both a live performer and a DJ.

BOOKING FIT

- Weddings and pre-wedding events
- Corporate receptions, awards evenings, and brand events
- Festivals and outdoor celebrations
- Restaurants, lounges, wineries, and resorts
- Private parties and destination events

HOWARD ANDERSON

Howard Anderson is the performer behind SaxDJLive, a sax DJ concept that brings live musicianship directly into the flow of a curated DJ set. A vocalist, keyboard player, and saxophonist who performs in English, French, and Spanish, Howard draws on jazz, soul, R&B, pop, funk, and dance music to create a show that feels musical first and adaptable by design.

Rather than treating the saxophone as a brief add-on, Howard uses it throughout the event to create transitions, lift familiar songs, and connect with the audience. His sets are shaped around the occasion: understated and elegant for arrivals, cocktails, and dinner; warm and rhythmic as the room fills; and more energetic when it is time to celebrate and dance.

SaxDJLive is suited to weddings, private parties, corporate receptions, festivals, resorts, wineries, restaurants, and brand events. The result is a flexible entertainment format with the range of a DJ set and the immediacy of live performance, available for destination bookings worldwide.
